

Tandberg Data StorageLoader LTO

*Automate the manual swapping of backup tapes
and significantly reduce the risk of data loss*

The Tandberg Data StorageLoader LTO offers the largest storage capacity, highest performance and best value of any product in its class. The StorageLoader LTO costs slightly more than a standalone tape drive, however by automating the swapping of daily backup tapes, it reduces the risk of data loss and saves you time and money.

The StorageLoader LTO offers scalable capacities up to 24TB* and lightning fast performance up to 1.0TB/hr*, supplied in a compact 1U form factor. The StorageLoader LTO is available with either LTO-3, LTO-4 or LTO-5, with a choice of LVD SCSI, SAS or FC connectivity.

The StorageLoader LTO contains two 4-slot removable magazines storing a total of 8 data cartridges. Each magazine can be ejected using the front panel interface, in the event of a power failure there is an emergency magazine eject feature.

The StorageLoader LTO is easy to install, easy to use and is supplied with a barcode scanner, barcode labels and a rack-mount kit. The StorageLoader LTO includes the latest security and data protection features, such as Encryption and WORM (Write Once Read Many) to assist you with meeting today's data storage and archiving regulatory requirements.

The Web browser-based remote management interface allows you to monitor, control, configure and diagnose problems from anywhere in the world.

The StorageLoader LTO provides outstanding value for IT managers that require a easy to use, scalable, flexible, reliable and future proof backup and data protection solution.
